POWER BI PORTFOLIO

<https://ripanaichsarkar.github.io/>

WORK EXPERIENCE (4+ YEARS)

[Tech Lateetud] [Software Engineer – Data & Automation]

March 2022 – Present

- **Developed and maintained 200+ customized Power BI dashboards, MIS reports, and interactive visualizations** for enterprise clients including **Chanel, Northwestern Medicine, BCBSMA, and LifePoint**, leveraging **Dataverse**, Power Query, and DAX to deliver actionable business insights, automate reporting processes, and support executive decision-making across multiple business functions.
- **Designed and implemented 30+ automation solutions using Blue Prism and Microsoft Power Automate**, integrating **SQL Server** and **Dataverse** for data processing, workflow automation, production monitoring, and exception handling, reducing manual effort by approximately **40%** while improving operational efficiency and process reliability.
- **Optimized 150+ complex DAX measures, calculated columns, and Power Query transformations** by leveraging AI-assisted troubleshooting and advanced data modeling techniques, improving report performance by up to **30%**, reducing refresh times, and accelerating dashboard development for enterprise-scale reporting solutions.
- Led **ABBYY FlexiCapture 12 POC** for intelligent document processing, using **NLP** to extract data from structured and unstructured forms accurately.
- Tested and validated **Model-driven Power Apps** for functionality, performance, security, and business compliance in enterprise use cases.

SKILLS

- **Power BI**
- **DAX** (Advanced Measures & Columns, Time Intelligence, Optimization)
- **SQL** (JOINS, CTEs, Subqueries, Window Functions, Aggregate Functions)
- **Dataverse** (Data Modeling, Tables, Relationships, Business Rules)
- **Power Query, Power Pivot, ETL, RLS**
- **Power Automate**
- **Blue Prism**
- ABBYY FlexiCapture, NLP
- Reporting & MIS / Testing & UAT
- Microsoft Power Apps, Microsoft Office
- AI-powered Workflow Optimization
- Adobe Lightroom, Premiere Pro, Photoshop

EDUCATION

Bachelor of Technology (BTech), Information Technology

Bengal Institute of Technology, 2020
